

"I felt like I had to be in classes. They were always active and they felt necessary. Without learning in class, I would not be able to pass the course."

"The instructor is an expert and helps us to make connections. She cares that we learn."

"I want to feel important and valued."

"High expectations from instructor – pushed us to do our best; demanded a lot from us; felt challenged."

"The instructor helps us feel clever. I don't like instructors who have a superior attitude that we will never attain."

Pick one key skill that you want your students to learn:

Consider how you can use **SCOR(E)** framework to enhance student engagement related to this skill

Success – students able to master skill	
Curiosity – connection to personal interest	
Originality – student choice/expression	
Relationships – foster interdependence	

Consider how you can use the **4 C's** to enhance student engagement related to this skill

Clarity – What's the point?	
Context – When/How to apply?	
Culture – What if students struggle and/or fail?	
Challenge – How to foster growth mindset?
